THE ORGANIZATION OF A BAND MONOPOLY IN THE COUNTY DISCUSSED—CHAPTER OF ACCIDENTS—TOWN BRIEFS.

The leaders of several bands in Lancaster county are talking of forming a band monopoly. Friends will be made for all kinds of engagements, and no band will be allowed to play for less than the fixed price. This will do away with one band underbidding another. For instance: The price for a day's engagement at home may be fixed at \$2 per man. No band in the organization can then play for one cent less. Under-bidding is said to be the chief difficulty between bands, and in several instances has been the means of breaking them up. It is confidently believed that the bands in Lancaster county will join, and if a success is made out of the arrangement, York county will follow in the footsteps of Lancaster.

PERSONAL.—**PROSECUTIONS.**

Hearing of the Charges Against Alderman Spurrier, Constable Etchelton and Ex-Officer Leman.

This morning at 10 o'clock the hearing of Alderman Spurrier, Constable Etchelton and ex-Officer Leman, who are charged with obtaining money from the county by false pretense, was begun before Alderman Fordney. It is alleged by the county that these defendants drew from the county, in cases which were dismissed by Alderman Spurrier, for services which they did not render.

The county was represented by Solicitor Fry, E. K. Martin and J. L. Steinmetz, esq., and the accused by J. Hay Brown and B. Frank Eshleman.

The trial of the aldermen and officers with the various bands were first produced, and it was admitted that they drew the money from the county.

The first case in which fees were alleged to have been wrongly drawn was that of Com'th vs. Levi Steffy, charged with false pretense. The prosecutor was Charles Eichman. He testified that Steffy owed him a sum of money, and he went to see Alderman Spurrier about it. The alderman said he would send him a notice. Witness did not make complaint against Steffy, nor did he attend the hearing; he afterwards received his money from the alderman who said there were no charges.

PEOPLES' PUBLIC OFFICIALS.

The Blaine and Logan polo game played near Fairview school house on Saturday evening was a grand fizzle, about 18 visitors only being present. There was more vigorous cheering for the Democratic candidates than for Blaine and Logan. An appeal was made to some of the Democrats present to help bear the expenses of the occasion.

Levi Steffy testified that he was arrested by Officer Leman; he was first taken to the station house and then to jail. His brother finally paid the bill and he was released.

The witness was fully mixed in his testimony, and could not tell whether he was committed to prison for a hearing or for court, but was certain that he was in prison.

The next cases, in which the aldermen and officers are alleged to have done wrong, were those against Sam'l Greenly, charged with receiving stolen goods, horse stealing, Greenly, &c. The accused charged for making and selling illegal intoxicants, subject and witness, holding a hearing, the facts of the case are these: A horse was stolen from Albert McAdie by a colored man named Johnson, who sold the animal to Greenly, from whom Jacob and Joseph Baker of Littitz, purchased it, when it was found to have been stolen. These suits are the result.

Jacob W. Baker testified that he made no complaint against Greenly, and was not a witness against him in a criminal charge. He was present when they had a settlement at Spurrier's with Greenly; the latter paid \$32.50 and witness paid costs; witness could not tell whether Officer Eichman or Leman subpoenaed him for a hearing or as so many persons are often called to be a witness.
